Coordinator Note PER LADWP:Production is not approved to "attach" panels to wall, and will be in the public right of way. Production is to provide before/after photos to verify condition of wall and note any damages. Production is approved to have 1" x 3" frame with lauan (1/4" plywood) face. They will be friction fit, using cedar shims to hold. There will not be adhesive or other semi-permanent attachment to the wall, so now damage should come to the wall. If production damages the wall, they are responsible for reporting and repairing the wall to original or better condition.
